DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 29th April 1925.

HOME DEPARTMENT.

(Public.)

NOTIFICATION.

No. F. 453-24—I, dated Simla, the 13th June 1925.—In exercise of the powers conferred by rule 6 of the Devolution Rules, the Governor-General in Council, with the previous sanction of the Secretary of State in Council, is pleased to direct that the transfer of all the transferred subjects in the province of Bengal shall be suspended with effect from the 13th June 1925 to the 21st January 1927.

H. TONKINSON,
Secretary to the Government of India.

RESOLUTION.

No. F. 453-24—II, dated Simla, the 13th June 1925.—The decision that the transfer of all transferred subjects in the province of Bengal shall be suspended from the 13th June 1925 until the 21st January 1927 has been announced in the notification of the Government of India in the Home Department No. F. 453-24—I (Public), dated the 13th June 1925, and the Governor-General in Council takes this opportunity of stating the reasons which have led the Government of India and the Secretary of State in Council to this decision.

2. The present Bengal Legislative Council met for the first time on the 21st January 1924. On the 24th March 1924 the Council rejected the demand for the salaries of Ministers by 1 vote. A motion, which was equivalent to a vote of censure, had, however, been moved in the same Council on the 20th February 1924 and had been rejected. The Ministers accordingly did not consider the vote of the 24th March as a vote of censure, and they were prepared to continue in office without salary. His Excellency the Governor of Bengal also accepted the view that the decision of the Council on the 24th March did not necessarily represent its considered opinion, either in regard to the personnel of the existing Ministry or in regard to the question whether any Ministers should be appointed at all. It was therefore decided to resubmit the matter for the reconsideration of the Council at its next meeting, and meanwhile the Ministers continued in office. A supplementary demand for the salaries of Ministers was placed before the Council on the 26th August 1924 and was rejected by 68 votes to 66. The Ministers then resigned and His Excellency the Governor assumed charge of the administration of the transferred subjects under the Transferred Subjects (Temporary Administration) Rules.

3. On the 17th February 1925, the Council by a majority of 75 to 51 votes carried a resolution recommending that a provision be made for the salaries of Ministers in the budget for the year 1925-26. Nawab Bahadur Saiyid Nawab Ali Chaudhuri Khan Bahadur and Raja Manmatha Nath Ray Chaudhury were appointed to be Ministers on the 14th March 1925 and at the same time an official announcement was issued to the Press, of which the following is an extract:—

"In order that there may be no misunderstanding, it is perhaps desirable to explain in advance what view the Government will take of the action of the Council in certain eventualities—

(1) If the demand for Ministers' salaries is again rejected *in toto* the Government will regard this as an indication that the Council refuses to provide salaries for any Ministers. In that case His Excellency will apply to the Government of India to retransfer all the transferred subjects under Devolution Rule 6, and, if this is done, Bengal would thereafter be governed by a Governor in Council. Any motion to reduce the salaries of Ministers to less than Rs. 3,000 a month will similarly be regarded by Government as a refusal on the part of the Council to provide adequate salaries for any Ministers, and, if carried, will have a similar result.

(2) If a motion to reduce the amount payable to Ministers by any sum between Rs. 1,000 and Rs. 2,000 per month is carried this will be accepted by Government as the figure at which the Council desires to fix the remuneration of Ministers.

(3) If a motion to reduce the amount payable to Ministers by a nominal sum between one rupee and Rs. 100 is carried this will be regarded by Government as indicating a vote of censure on the Ministers who will then resign and others will be appointed in their place. The opinion of the Council on their successors can be expressed either by a nominal reduction of Rs. 100 in one of the demands for transferred subjects which has still to be voted or later when a supplementary demand is made in the next session for the nominal sum which has been reduced."

On the 23rd March 1925, the Council by a majority of 69 to 63 again rejected the demand for the salaries of Ministers, though during the discussion of the motion for the demand the Hon'ble Sir Hugh Stephenson made it clear that the total rejection of the demand would be interpreted as indicating that the Council did not desire to have any Ministers at all. The Ministers then resigned and on the 25th March His Excellency the Governor again resumed charge of the administration of the transferred subjects under the Temporary Administration Rules.

4. The present Bengal Council has therefore on three occasions decided to provide no salaries for Ministers, though the issue was very definitely put before it on the last occasion. It is clear that the administration of transferred subjects by the Governor under the Temporary Administration Rules cannot continue indefinitely, as such an arrangement is neither suitable nor intended as a permanent form of administration. In these circumstances the Government of India and the Secretary of State have no alternative but to accept the thrice expressed desire of the existing Legislative Council that there shall be no transferred subjects in Bengal. For this reason the suspension of transfer has been directed for the life-time of the present Council, *i.e.*, up to the 21st January 1927, which is three years from the date upon which the Council first met. Though the transfer has been suspended up to the 21st January 1927, this does not of course mean that the suspension of transfer may not be terminated on an earlier date should the existing Council indicate its desire to secure reconsideration of the position or should its term of office be brought to a close before that date.

No. 258T.A.I. —The 6th May 1925.—In supersession of this department notification No. 1411Ind., dated the 23rd August 1922, the following revised rules for admission to the Government Weaving Institute, Serampore, are published for general information.

Hooghly.

2. The next session in the first year class of the higher classes and in the artizan classes commences in July 1925.

G. S. DUTT,
Secretary to the Government of Bengal.

Rules for admission to the Government Weaving Institute, Serampore.

Object for which the Institute is established.

The Weaving Institute has been established with the object of giving technical instruction in the best and latest methods of hand-weaving, of extending a knowledge of the mechanical improvements which make the modern hand-loom so vastly more effective an instrument than the primitive looms still widely used by weavers in Bengal, and so of strengthening and reviving the weaving industry in this country.

With these objects in view two distinct grades of instruction are given, forming higher and lower classes, respectively—

(1) To young men of fair education, who may be trained as teachers, managers and organisers of the weaving industry. These form the higher classes;

(2) To actual hand-loom weavers. These form the lower or artisan classes.

The institute is staffed and administered by the Bengal Government. It is managed by the Principal under the general control of the Director of Industries, Bengal.

RULES FOR THE HIGHER CLASSES.

1. The number of admissions to these classes in each year is limited to 75. Twenty-five per cent. of the seats will ordinarily be reserved for Muhammadan students, the claims of eligible candidates in excess of this number will be considered on their merits.

2. Candidates for admission must have passed the School Final Examination, Science Side, or the University Matriculation Examination or have been trained in one of the Technical Schools affiliated to the Overseer Examination Board up to the Sub-Overseer standard.

3. The session begins in the third week of July. All applications for admission should reach the Principal by the first week of June and should furnish the following particulars :—

(*a*) Name, address and occupation of father or guardian.
(*b*) Race and religion.
(*c*) A medical certificate showing that the applicant is in good health.
(*d*) Educational qualifications.
(*e*) A certificate of good moral character from the last Head Master or Principal.
(*f*) An attested certificate of age of the candidate.

4. Six scholarships of Rs. 15 each a month will be awarded to students of the first-year class on the results of a special examination held shortly after the commencement of the session. Five scholarships of Rs. 15 each a month will be awarded to the students of the second-year class and four scholarships to the students of the third-year class on the results of the annual examination of the first and second-year classes, respectively, of the previous year. Of these, two scholarships in the first-year class, one in the second-year and one in the third-year will be reserved for Muhammadans.

These scholarships are intended for Bengalee students or students domiciled in Bengal, and they will not be awarded to those holding District Board or other stipends. Should, however, there be an insufficient number of qualified candidates to fill the scholarships reserved for any particular denomination or creed, the vacant scholarships may be awarded to deserving candidates from other sects.

5. Students to whom scholarships have been awarded will not ordinarily be allowed to hold their scholarships for the succeeding years if they fail to pass the annual examinations.

6. Students joining the higher classes will have to sign an undertaking to the effect that they intend to make weaving their profession after the completion of their training. They may be required to refund the amount of any scholarship they have received if they leave before completion of their first year's course.

7. The course of study in these classes extends to three years. Students are required to attend at least 75 per cent. of the working days.

8. Students who pass the examination at the end of the third year's course will receive a diploma entitled "Associate of the Government Weaving Institute, Serampore", and signed by the Principal of the Institute and the Director of Industries, Bengal, or his representative.

PEACE TREATY.

Simla, the 20th April 1925.

No. 634P.T.—The following notices are published for general information :—

By a Convention, between the United Kingdom, France, Italy and Japan, signed in Paris on November 23, 1923, it was agreed, to devote jointly, to the reparation of the damage, suffered by their nationals, the sums in gold referred to in article 58 of the Treaty of Lausanne, and, by the same Convention, the British Government agreed to devote, to the same purpose, the 5 per cent. Turkish Treasury Bills (1911) of the nominal value of £846,100, which the British Treasury had purchased from the holders in 1914, and, by the same Convention, it was further agreed, that a Commission should be set up, within one month of the coming into force of the Treaty of Lausanne, to assess damages, suffered by the nationals of the Contracting Powers, *i.e.*, as follows :—

(*a*) Direct damage in respect of persons of property (other than that referred to in sub-section 2 of article 6 of the Convention) suffered on territory which was Ottoman on the 1st August, 1914, or at sea, between the 1st August 1914, and the 6th August 1924, as the result of any act or negligence of the Turkish Government, including damage resulting from measures of requisition, sequestration or confiscation and, also, direct damage suffered on the same territory, between the dates named as the result of any acts of war, whatever party may have been the author of such acts ;

(*b*) Direct damage caused by the fire of Smyrna, to the rights and property of the nationals of the Contracting Powers (but subject to the terms of paragraph (*b*) of sub-section 1 of article 6 of the Convention) ;

(*c*) The damage referred to in paragraphs (*a*) and (*b*) suffered, on territory remaining Turkish, at the date of the coming into force of the Treaty of Lausanne, by Ottoman Companies in which the nationals of the Contracting Powers had a preponderating interest on the 1st August 1914, (but, subject to a deduction of the value of advantages of an economic character referred to in sub-section 1 of article 6 of the Convention).

By the same Convention the Commission is precluded from dealing with claims in respect of the following categories of damage :—

(*a*) Indirect damage, including deprivation of the use of property and loss of profits ;

(*b*) Claims relating to amounts payable by the Hellenic Government in accordance with the Convention of the 24th July 1923 ;

(*c*) The claims of concessionary companies, on account of the utilisation by the Turkish Government, of their property, or of their services, which are to be settled by the Turkish Government, as provided in the Protocols and Declarations forming part of the Turkish Peace Settlement.

This Commission was duly set up on the 6th August 1924, and has established its headquarters in Paris, where it is now prepared to receive claims from nationals of the Contracting Powers (including persons protected by the Contracting Powers in cases where the patent of protection is of a date prior to the 1st August 1914).

Such claims, together with all documents and evidence in support thereof, should be sent to the Commission, addressed to the Delegate of the nationality concerned, at the headquarters of the Commission, 66, rue Boissière, Paris (XVI ème) France, and should reach the delegate concerned not later than the 6th August 1925, (the last day for the reception of claims provided by article 5 of the Convention).

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, on or before the 25th May, except in the case of Assamese students, who should apply to the Inspector-General of Civil Hospitals of that province for admission within such date as that officer may prescribe. Students who come from the Dacca University and the Dacca Board of Intermediate and Secondary Education are admitted on the nomination of the Secretary of the said Board and University, and the candidates from the Central Provinces on the nomination of the Director of Public Instruction of that province.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list :—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	4	0
Total ...	86	8

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number, and the final selection lies entirely with him.

One-fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadans. One candidate will be nominated by the Director of Public Instruction, Central Provinces, and 6 candidates by the Inspector-General, Civil Hospitals, Assam, 3 candidates of the Dacca University and 3 candidates of the Dacca Board of Intermediate and Secondary Education by the respective authorities. These candidates must possess the qualifications mentioned in rule 2. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (*a*) Female students will be admitted to this College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(*b*) Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

8. All regular students must pay an annual fee of Rs. 125 in two instalments, viz. Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. They must also pay the annual Atheltic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under rule 19.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after failure to pass the Preliminary Scientific M.B. and the First M.B. Examinations shall pay Rs. 80 for the whole session in one instalment within the time prescribed.

12. Students who fail at the Final M.B. Examination shall pay fees for the whole session at the following rates in one instalment :—

	Rs.
For one subject	25
For two subjects	50
For three or more subjects	75

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each such subject including lectures and practical classes.

14. The fee for certificates issued to regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 10 per each course of lectures and practical classes and Rs. 30 for every three months of Hospital practice.

15. In calculating the sum to be paid under rule 14 by a regular student, the amount of College fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fees of Rs. 125 for the year in which they hold such scholarships. DEPARTMENT OF AGRICULTURE, BENGAL.

Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1924-25.

[NOTE.—On an average of the five years ending 1922-23, the area under linseed in Bengal has represented some 4·5 per cent., and that under rape and mustard 15·9 per cent. of the total area under these crops in British India.]

Character of the season.—As reported in the preceding forecast, the weather during the early stage of the crops was not generally favourable. Dry weather during the month of December, however, improved the prospects, but occasional untimely rain with hail between January and the middle of March adversely affected the mature crops to some extent. Subsequently dry weather was helpful to the harvesting of the late crops. On the whole the season has been a fair one for the crops this year.

Acreage.—Oilseeds are chiefly grown in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is small. The total area under these crops (excepting sesamum, for which separate forecasts are issued) is returned at 884,600 acres this year as against 882,500 acres in the corresponding forecast of last year.

Outturn.—From the District Officers' estimates the provincial outturn of the different oilseed crops works out at 75 per cent. of the normal as against 72 per cent. in the corresponding forecast of last year.

Taking 5⅝ maunds as the normal rate of yield per acre for linseed, 6 maunds for rape and mustard, and 4½ maunds for other oilseeds, the total yield of the crops for the province is estimated at 144,000 tons this year as against 137,800 tons last year.

Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 6th May 1925.

Summary.—During the week the rainfall was generally light to moderate. Field operations for jute and paddy continue favourably in the West Bengal districts. In East and North Bengal the sowing and weeding of jute and paddy are in full swing, but the recent excessive rain has interfered with the operations in places, especially in the low-land tracts. The prospects of standing crops are generally satisfactory except in places in North and East Bengal where young jute and paddy plants have been damaged to some extent by the excessive rain. The average price of common rice for the province has risen by about 1·98 per cent. as compared with that of the previous week.

CALCUTTA, THE 18TH MAY 1925.

RESOLUTION—No. 1814Pl.

Revised draft rules under the Indian Poisons Act 1919, were published for criticism in notification No. 1571Pl., dated the 9th May 1924. As a result of the opinions received it was decided that revision of the rules as a whole on more radical lines is necessary, and the following small Committee was appointed to advise on the lines to be adopted :—

Major-General R. Heard, C.I.E., I.M.S., Surgeon-General with the Government of Bengal.

Major T. C. Boyd, F.R.C.S.I., Chemical Examiner to the Government of Bengal.

F. Bartley, Esq., Deputy Commissioner of Police, Calcutta.

A. Lunan, Esq., Messrs. Bathgate & Co., Calcutta.

Narayan Chandra Bose, Esq., Messrs. B. K. Paul & Co., Calcutta.

The rules have now been redrafted in accordance with the recommendations of this Committee and are published again for criticism. Their main feature is that poisons are now divided into three categories subject to different degrees of restriction, on the lines of the practice in the United Kingdom. The full restrictions under the old rules only apply to the poisons included in Schedule I ; and this list has been extended in accordance with technical advice. It includes opium and other poisons which are subject to the Excise law and which are treated as poisons in the United Kingdom. It is not, however, intended to establish dual control over the custody of such poisons under the Poisons Act as well as the Excise law. Licenses under the Poisons Act will be granted to all persons duly authorised by the Excise authorities to possess excisable commodities, and the only control over the possession of these poisons will be that at present established by the Excise Department.

Certain changes in detail have been introduced with a view to meeting the convenience of chemists. For instance, no stock register is now required for the consumption of poisons issued to a chemist's dispensary. It is proposed to restrict the grant of licenses under the Poisons Act in future to persons holding a compounder's license or employing licensed compounders, but discretion is left to the licensing officer to relax these qualifications for special reasons. The difficult question of patent medicines has been dealt with by placing in Schedule II all patent medicines which contain poisons enumerated in Schedule I, so that the fact that a patent medicine contains a poison will not necessitate an unnecessary degree of precaution in handling it. It has also been made clear that the detailed restrictions in these rules apply only to the retail trade.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

L. BIRLEY,
Chief Secretary to the Government of Bengal.

NOTIFICATION.

No. 1815Pl.—The 18th May 1925.—The following draft of rules which in exercise of the power conferred by section 2, sub-section (*1*) of section 8 and sub-section (*3*) of section 9 of the Poisons Act, 1919 (XII of 1919), the Governor in Council proposes to make in supersession of all previous rules on the subject, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 1st July 1925 and any objection or suggestion received by the undersigned with regard thereto before that date will be duly considered.

Draft Rules.

Provided that poisons issued for use in a chemist's dispensary need not be kept under lock and key after such issue during dispensing hours, but should be kept on a separate shelf in the dispensary in bottles distinguishable by touch and colour from ordinary bottles. Notwithstanding anything contained in these rules the sale of the

following poisons shall be subject only to the restrictions under the Opium Act, 1878, and the Bengal Excise Act, 1909, and the rules framed thereunder except that the vendor shall be required to take out a license under rule 5, namely :—

J. N. GUPTA, *Commissioner*

PRESIDENCY DIVISION, CALCUTTA, *the 12th May 1925.*

NOTIFICATION.

J. N. ROY, *Commissioner (offg.).*

CHITTAGONG DIVISION, CHITTAGONG, *the 12th May 1925.*

NOTIFICATION.

READ letter No. 1278L.S.-G., dated the 5th March 1925, from the District Magistrate of Burdwan to the address of the Chairman of the District Board, Burdwan, bringing to the notice of the Board certain acts of grave misconduct on the part of the President of the Eral union board, Babu Bisseswar Raja.

Read also the proceedings of a special meeting of the Eral union board held on the 16th March 1925.

Read also letter No. 191V.S.-G., of the 21st April 1925, from the Chairman of the Burdwan District Board.

Order.

I have considered the views of the District Magistrate and of the District Board in this matter. There can be no doubt that the President, Babu Bisseswar Raja, has been realising illegal gratification from the chaukidars and dafadars of the union. The majority of the members of the union board, far from showing their disapproval of such conduct, have supported him in it by refusing to allow him to resign when called upon by the District Board to do so. I hold that the Eral union board is not competent to discharge its duties, and under section 56 (*1*) (*a*) of the Village Self-Government Act, I remove the President, Babu Bisseswar Raja, from his office both as President and as member, Eral union board.

MAINAMATI SURVEY SCHOOL.

(Post-office Mainamati, district Tippera.)

Admission Rules (Provisional).

THE Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, four miles from the Comilla railway station in the Tippera district.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The full course of instruction extends over two years: either the full course may be taken, or the first year's course only. At present the session for the first year's course begins from the 1st August, terminating on the 31st July of the following year.

4. The session for the second year's course extends without a break from the first Monday in November to the middle of September of the following year.

5. It is a residential institution, and the students are required to reside in the school premises and must conform to the rules sanctioned by Government. Students may live with their parents or with approved guardians with the special permission of the Principal. The messing charges for Hindu students average about Rs. 10 per month. Owing to the paucity of Muhammadan students they are allowed to make their own messing arrangements.

6. The qualifications for admission to the first year's course are :—

(*a*) A sound knowledge of elementary arithmetic.
(*b*) Ability to write simple English and vernacular.
(*c*) Fitness for arduous field-work.
(*d*) A certificate of character from the head of the institution where he was last educated.

NOTE.—Preferance will be given to those who have passed the Matriculation Examination or received higher education.

7. The maximum age of the candidates for admission to the first year's course should be under 21 years on the 1st January of the year of admission, but an exception to this rule may be made in special cases.

8. Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs. 3 and should reach the Principal's office on or before the 30th June. The registration and examination fee shall, in no case, be refunded.

9. Candidates who do not possess a fair knowledge of English will not be ordinarily promoted to the second year class.

10. All payments, whether on account of tuition fees, boarding and lodging, must be made at the Principal's office on or before the 15th of each month. After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school roll, and he will not be re-admitted until he has paid all arrears, together with any fines which may be due from him, and a re-admission fee of Rs. 5.

11. The following monthly fees, payable for twelve months, are charged :—

	Rs.	A.	
School fees	3	0	
House-rent	0	8	
Reading room fees	0	2	
Athletic fees	0	8	Charged for eleven months in the year.

12. The full messing fees shall be charged every month during the school session, which is calculated to be about ten and-a-half months yearly.

13. The school remains closed on all gazetted holidays and for a long vacation for six weeks from about the middle of September. During the vacation every boarder shall pay a contribution not exceeding Re. 1 a month towards the cost of maintaining mess servants.

14. Leave for short periods not ordinarily exceeding ten days in a year may be granted to students by the Principal in special cases. Students present at the school but unable to do any work on medical ground are excused from attending the class on the recommendation of the resident medical officer, but frequent leave on petty excuses may render a student medically unfit for the course and his name may be struck off the roll.

15. The admission fees are as follows :—

	Rs.	
Admission to school	2	
Ditto hostel	2	(Hindu students only).
Ditto athletic club	1	

16. Every student shall pay a caution-money deposit of Rs. 5. This sum will be refunded to the student when he finally leaves the school, after deducting any charges for loss or damage done to school or hostel property or non-payment of any dues.

17. Shortly after admission each student must provide himself with a set of drawing instruments consisting of a pair of compasses, one bow-pencil, one drawing pen, a decimal scale, a rectangular protactor and a pair of set squares.

18. Each student must provide himself with his own bedding, including a mosquito-curtain.

Examination of the Calcutta University with Physics and Chemistry, or any examination equivalent to it. In assessing the claims of those eligible for admission, special proficiency in those subjects particularly useful in the medical curriculum will be given the fullest consideration, viz., in English, Physics, Chemistry and Botany.

3. The Summer term commences on the 15th June and closes on the 19th September. The Winter term opens on the 5th October and closes on the 31st March.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, on or before the 25th May, except in the case of Assamese students, who should apply to the Inspector-General of Civil Hospitals of that province for admission within such date as that officer may prescribe. Students who come from the Dacca University and the Dacca Board of Intermediate and Secondary Education are admitted on the nomination of the Secretary of the said Board and University, and the candidates from the Central Provinces on the nomination of the Director of Public Instruction of that province.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list :—

	Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	4	0
Total ...	86	8

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number, and the final selection lies entirely with him.

One-fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadans. One candidate will be nominated by the Director of Public Instruction, Central Provinces, and 6 candidates by the Inspector-General, Civil Hospitals, Assam, 3 candidates of the Dacca University and 3 candidates of the Dacca Board of Intermediate and Secondary Education by the respective authorities. These candidates must possess the qualifications mentioned in rule 2. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (*a*) Female students will be admitted to this College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(*b*) Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

8. All regular students must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. They must also pay the annual Atheltic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under rule 19.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after failure to pass the Preliminary Scientific M.B. and the First M.B. Examinations shall pay Rs. 80 for the whole session in one instalment within the time prescribed.

12. Students who fail at the Final M.B. Examination shall pay fees for the whole session at the following rates in one instalment :—

	Rs.

For three or more subjects	75

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each such subject including lectures and practical classes.

14. The fee for certificates issued to regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of Hospital practice.

15. In calculating the sum to be paid under rule 14 by a regular student, the amount of College fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fees of Rs. 125 for the year in which they hold such scholarships. 3. For the purposes of this Act, an Indian soldier shall be deemed to be or, as the case may be, to have been serving—

(*a*) under special conditions when he is or has been serving under war conditions, or overseas, or at any place in Persia, Tibet, Afghanistan, Kashmir, Nepal or China, or with any unit the headquarters of which are situated at any place in Chitral, Waziristan, the North-West Frontier Province or British Baluchistan which is more than fifty miles distant by road from the nearest railway station ;

(*i*) serving out of India,

(*ii*) under orders to proceed on field service,

(*iii*) serving with any unit which is for the time being mobilised, or

Provided that the Court may refrain from suspending the proceeding and issuing the notice if—

(*a*) the proceeding is a suit, appeal or application instituted or made by the soldier, alone or conjointly with others with the object of enforcing a right of pre-emption, or

(*b*) the interests of the soldier in the proceeding are, in the opinion of the Court, either identical with those of any other party to the proceeding and adequately represented by such other party or merely of a formal nature.

Postponement of proceedings.

7. If, on receipt of a notice under section 6 the prescribed authority certifies in the prescribed manner to the Court in which the proceeding is pending that the soldier in respect of whom the notice was given is serving under special conditions, and that a postponement of the proceeding in respect of the soldier is necessary in the interests of justice, the Court shall thereupon postpone the proceeding in respect of the soldier for the prescribed period, or, if no period has been prescribed, for such period as it thinks fit.

(*2*) No such application shall be entertained unless it is made within two months from the expiry of the first period of thirty days, after the date of the decree or order, or where the summons or notice was not duly served on the applicant, after the date on which the applicant had knowledge of the decree or order, during no part of which the soldier was serving under special conditions :

Provided that the provisions of section 5 of the Indian Limitation Act, 1908, shall apply to such applications. IX of 1908.

Provided that this section shall not apply in the case of any suit, appeal or application instituted or made with the object of enforcing a right of pre-emption.

Power of Court to refer question as to whether service was under war or other special conditions.

12. If any Court is in doubt whether, for the purposes of section 10 or section 11, any Indian soldier is or was at any particular time serving under war or other special conditions, it may refer the point for the decision of the prescribed authority, and the certificate of that authority shall be conclusive evidence on the point.

Final Forecast of the Wheat Crop of Bengal, 1924-25.

[NOTE.—On an average of the five years ending 1922-23, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) the territory now reported on has, in the five years ending 1922-23, averaged (*a*) 45·2 and (*b*) 14·1 per cent., respectively.]

Character of the Season.—As indicated in the preceding forecasts, the conditions were favourable, on the whole, up till the end of December. Later on occasional heavy showers during the months January to March, accompanied in places with hail, seriously damaged the mature crop especially in the important district of Malda which contains more than one third of the total area under wheat in the province. On the whole, the season has been unfavourable for the crop.

Acreage.—According to District officers' estimates, the total area sown is 126,400 acres this year as against 120,400 acres last year.

Outturn.—The provincial outturn, as worked out from district estimates, is 64 per cent. of the normal as against 62 per cent. last year. Taking the normal yield to be $8\frac{1}{3}$ maunds per acre, the gross yield of the crop for the province is estimated at 24,800 tons this year as against 22,900 tons last year.

At the end of April the average wholesale price of wheat at the principal marts of the province was Rs. 6-4-6 per maund, or about 24 and 19 per cent. higher than the prices ruling at the corresponding periods of last year and the year preceding respectively. The average wholesale price of common rice at the principal marts, on the other hand, was Rs. 7-0-7 per maund, or about 23 and 22 per cent. higher than the prices ruling at the corresponding periods of last year and the year preceding respectively.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for April 1925.

I. **Character of the season.**—The weather was dry during the first week of the month, after which precipitation became general throughout the Presidency and heavy in parts of North and East Bengal. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—The dry weather in the beginning of of the month delayed sowings of jute and paddy. These operations were facilitated by the good subsequent rainfall except in places of North and East Bengal, where excessive rain caused further delay especially in the low land tracts.

III. **State of standing crops.**—The condition of standing crops was generally satisfactory in East and North Bengal, while in West Bengal it was only fair.

IV. **Prospects and probable outturn.**—The prospects of sugarcane, *til*, jute and paddy were generally hopeful.

V. **Damage to standing crops.**—Damage to young jute and paddy plants is reported to have been caused by excessive rain in parts of some low land tracts of North and East Bengal.

VI. **Condition of agricultural stock.**—The condition of live-stock was, on the whole, satisfactory. Stray cases of cattle-disease, however, were reported from parts of Nadia, Jessore, Dinajpur, Rangpur, Dacca, Bakarganj, Tippera and Cooch-Behar and Tripura States.

VII. **Failure of pasturage and fodder.**—No insufficiency of fodder was reported from any part of the Presidency.

VIII. **Prices of food-grains.**—During the second fortnight of the month the retail price of common rice of the cheapest quality fell in four, rose in eleven districts and remained stationary in the rest of the Presidency. It ranged from 5 seers per rupee at Tippera to 7 seers per rupee at Chittagong.

IX. **Condition of agricultural population.**—The condition of agricultural population was, on the whole, fair.

RESOLUTION ON THE REPORT ON THE WORKING OF THE CO-OPERATIVE SOCIETIES IN BENGAL FOR THE YEAR ENDING 30TH JUNE 1924.

GOVERNMENT OF BENGAL.

AGRICULTURE AND INDUSTRIES DEPARTMENT.

Co-operative.

DARJEELING, THE 16TH MAY 1925.

RESOLUTION No. 461 T.—A. I.

READ—

The Report on the working of the Co-operative Societies in Bengal for the year ending 30th June 1924.

Administration.—Rai J. M. Mitra Bahadur held the office of the Registrar till the 10th January 1924, when he left for England to take charge of the Bengal Court of the British Empire Exhibition. Mr. M. Thorp, Deputy Registrar, then assumed charge of the department and held it for the rest of the year. The post of Deputy Registrar was abolished with effect from the 11th January 1924, the date on which Mr. Thorp was appointed to act as the Registrar. The recommendation of the Bengal Retrenchment Committee that the post of Personal Assistant to the Registrar of Co-operative Societies should ordinarily be filled by a Sub-Deputy Collector instead of by a Deputy Collector was given effect to during the year. The long deferred division of the combined charge of the Presidency and Burdwan Divisions by the appointment of an Assistant Registrar for each was carried out during the year. The new arrangement should facilitate the growth of the co-operative movement in those two divisions, and should enable more effective supervision to be exercised over the societies already in existence. In accordance with the principle that the number of Sub-Deputy Collectors employed as Inspectors should be kept at its minimum, an additional post of departmental inspector was created to fill the place of Maulvi A. M. Arshad Ali appointed Personal Assistant. The question whether a further reduction in the number of Sub-Deputy Collectors employed in the department is practicable is now under the consideration of Government. The proposal for the revision of pay of the subordinate inspecting staff of the department has been approved, and it is proposed to give effect to it as soon as the financial situation permits.

It is gratifying to note that the central banks continue to take over gradually the cost of honorary organisers. While agreeing with the view expressed in paragraph 14 of the report that the work of organisation should be left more and more to extra departmental agencies so far as the credit movement in advanced areas is concerned, Government would reiterate the principle, already accepted by them in connection with the recommendation of the Provincial Retrenchment Committee on the subject, that departmental stimulation will still be necessary not only in developing special types of societies, but also in organising credit societies in areas still remaining undeveloped. At the same time His Excellency trusts that the training of non-official agencies in the work of organisation will be regarded as one of the most important duties of the officers of the Co-operative Department.

2. **General Progress of the movement.**—During the year under review the total number of societies of all kinds rose from 7,822 to 9,342 and the membership from 292,981 to 340,159, while the working capital increased from Rs. 4,33,63,800 to Rs. 5,07,66,290. It is satisfactory that in the general expansion of the movement the internal improvement of the societies has not been lost sight of: dishonest office bearers have been dismissed, refractory members expelled and steps have been taken for the realisation of bad debts and for splitting up unwieldy societies.

The Registrar again calls attention to the important part which the movement can play in encouraging habits of thrift among the rural population. It would seem that this aspect of co-operation is not yet fully realised by most central banks, and it is to be hoped that no effort will be spared to encourage the poorer classes to make greater use of co-operative societies as depositories for their small savings, thereby not only effecting a permanent improvement in their economic condition, but also making available to the outside world of trade and commerce the accumulated savings of millions of agriculturists during their surplus season which usually coincides with the period of tightness in the money market.

3. Turning to details, co-operative organisations in the province may be broadly classified as follows :—

I. Primary Societies—

(*a*) Agricultural,

(*b*) Non-agricultural ; and

II. Central Co-operative Organisations.

Steady progress has been made in all these directions during the year under review.

(I) PRIMARY SOCIETIES.

(*a*) Agricultural Societies.

(*i*) **Credit Societies.**—Agricultural credit societies constitute 90 per cent. of the total number of societies in the province.

The number of this class of societies rose during the year under report from 7,011 to 8,368, their membership from 186,944 to 216,190, working capital from Rs. 1,48.62,021 to Rs. 1.77,89.251, share capital from 7·03 lakhs to 10·27 lakhs and deposits from members from 6· s to 7·83 lakhs. While there has been some increase in deposits from members, they still form but a small fraction of the total working capital, the societies mainly depending on central banks and outside deposits. The primary object of a credit society should be the promotion of thrift among its members, and the Registrar should take every possible step to inculcate this essential principle on the societies.

Another unsatisfactory feature of the situation is the unpunctual repayment of loans. The collections during the year amounted to 38½ lakhs and though the outstandings were reduced from 33·9 lakhs to 31·4 lakhs, this formidable sum still constitutes a real menace to the movement. Steps are being taken to effect internal improvement in the working of the societies and to secure closer supervision over their proceedings and His Excellency trusts that the central banks will actively co-operate with the department in carrying through these much-needed improvements.

(*ii*) **Agricultural purchase and purchase and sale societies.**—During the year the number of these societies rose from 21 to 22, membership from 4,147 to 4,441 and working capital from Rs. 1,54,641 to Rs. 1,56,161. The profits made by these societies amounted to Rs. 3,620 against Rs. 5,910 in the preceding year.

It is reported that the Sundarbans Supply and Sale Society, the only society of this type which has hitherto been a marked success financially, made a profit of only Rs. 2,189 against Rs. 10,000 in the previous year. The main reason appears to have been a diminution in the volume of business, which consisted mainly of ordinary store transactions to the neglect of sale of the members' agricultural produce. Moreover, the prices of goods were fixed without reference to the actual cost of establishment and other charges. His Excellency the Governor trusts that this lesson will not be lost upon other societies. He also hopes that the experiments which are now being carried out in the organisation of paddy and jute sale societies in several districts will be attended with success.

(*iii*) **Irrigation Societies.**—This class of societies has developed considerably during the year. Their number increased from 114 to 173 (of which as many as 107 are in the Bankura district alone), membership from 4,689 to 7,376, and working capital from Rs. 77,658 to Rs. 1,29,598. The possibilities of these societies in the direction of solving the difficult problem of agricultural deterioration in the Western Bengal districts are very great. The Registrar roughly estimates that in many areas by means of adequate irrigation, production can be increased by 100 per cent. Moreover these irrigation societies dealing as they do, not only with stream schemes but also with tank schemes are indirectly serving the purpose of anti-malarial societies. Apart from the stream schemes for which there are special facilities in the districts of Bankura and Birbhum, the whole of Western Bengal affords splendid opportunities for the development of tank schemes. Financially these societies have hitherto been most successful and it is hoped that with the increased departmental staff for this class of societies which has now been sanctioned by the Legislative Council, the development of co-operative irrigation movement will be substantially accelerated.

(*iv*) **Co-operative Agricultural Associations.**—The number of this type of societies during the year rose from 11 to 16, but they have not as yet achieved any striking results. A new type of society called the Modern Co-operative Agricultural Association, Limited, was formed in the Presidency Division during the year under report, with a laudable, though ambitious programme. The main object of this society appears to be the solution of the vexed problem of middle-class unemployment by providing an agricultural colony for the middle-classes, with facilities for small plot cultivation and vocational education. The society unfortunately sustained a severe set back through the death of two of its principal sympathisers, Sir Ashutosh Mukherjee and Sir Ashutosh Choudhury. It is, however, hoped that the society will be able to surmount the initial difficulties under which it is still labouring, and its future career will be watched with interest.

(*v*) **Production and Sale Societies.—Milk Societies.**—These societies, which were formerly confined to the Barasat subdivision of the 24-Parganas district, have now spread into the Jessore district. During the year their number increased from 52 to 54, membership from 2,040 to 2,155, share capital from Rs. 1,936 to Rs. 2,774, reserve fund from Rs. 2,580 to Rs. 7,448, and profit from Rs 4,846 to Rs. 11,054. All these societies are members of the Calcutta Milk Union, and their supply is almost wholly consumed in Calcutta. A sum of over a lakh was realised by the sale of the produce, and in spite of transport difficulties which stand in the way of a wider supply, these societies are proving more and more useful in solving the difficult problem of the milk supply of Calcutta.

(*vi*) **The Naogaon Ganja Cultivators' Co-operative Society, Limited.**—During the year the membership of this society increased from 3,221 to 3,617 and share capital from Rs. 33,710 to Rs. 40,670. The sale proceeds totalled Rs. 10,01,645 as against Rs. 10,84,947 in the preceding year. The slight decrease in receipts from sales was due to a fall in the demand owing to the influence of the temperance movement and also to an increase in the retail sale price. The society continued to maintain its charitable institutions.

(b) Non-Agricultural Societies.

These mainly fall under three groups, viz., Credit, Stores and Supply, and Miscellaneous societies.

(*i*) **Credit Societies.**—Their number rose during the year from 186 to 223, membership from 62,070 to 72,553, share capital from 22½ lakhs to 26½ lakhs, and working capital from 83 lakhs to 97 lakhs. The Registrar reports that the novel method of working adopted by the Tippera district civil court employees' co-operative relief Society has attracted notice from other parts of India. This society, with the object of promoting thrift among its members, enforces a compulsory deposit of Re. 1 a month from every member and invests the proceeds

in the longest term deposit in the Comilla Central Bank. It is interesting to find that some of the Mehtars' societies, while fulfilling the primary object of ameliorating the economic condition of their members, have been successful in combating drunkenness.

(*ii*) **Stores and Supply Societies.**—The co-operative stores movement has made no progress. Their number during the year fell from 76 to 69 and membership from 12,997 to 12,416, while the sales were reduced from 7·90 lakhs to 6·69 lakhs. The loss incurred during the year amounted to Rs. 32,435. The main cause of this failure seems to be inefficient management which, not unnaturally, leads to distrust and lack of co-operation among the members. The Registrar has recently published a Stores Manual, which should be useful to societies of this class. A few of them are already doing useful work. The management of small stores dealing with the ordinary necessaries of life should not present any insuperable difficulties and, if properly run, they should be of considerable benefit to their members

(*iii*) **Miscellaneous Societies.**—The Dacca conch-shell workers' society, which was doing good work in resuscitating the old and renowned conch-shell industry of Dacca, had to be liquidated owing to the capitalistic spirit in which the society was being run. The Dacca industrial union has, however, succeeded in organising eight new societies among the Dacca conch-shell workers, and it is hoped that these societies will profit by the lessons of the liquidated society and manage their affairs in a truly co-operative spirit. Among other societies of this class may be mentioned the Madhaymagram Chican society, some of the products of which were taken to the British Empire Exhibition and found a ready sale there. Good work has been done by fishermen's and weavers' societies, and the latter have received a considerable impetus through the formation of industrial unions.

II.—CENTRAL CO-OPERATIVE ORGANISATIONS.

(*i*) **The Bengal Provincial Co-operative Bank, Limited.**—Satisfactory progress was made by this apex bank during the year. Its membership increased from 89 to 109, working capital from 34·73 lakhs to 36·77 lakhs, reserve and other funds from Rs. 66,238 to over one lakh, and its share capital from 3·59 lakhs to 4·57 lakhs. The amount of public confidence that the bank has now secured is shown by the fact that in spite of lower rates of interest, public deposits still continue to flow into an even larger extent than before. Satisfactory relations continue to subsist between the Provincial Bank and its constituent members, and the link between the financing of agriculture and that of trade and commerce has at last been forged by placing in the joint stock banks the surplus of co-operatives money accumulated in the Provincial Bank during the slack season. Government are much indebted to Mr. S. R. Das, Advocate-General, who at considerable sacrifice of his time has held the post of Chairman of the Provincial Bank during the last two years.

(*ii*) **The Central Banks.**—Excluding the industrial unions the number of Central Banks increased by seven during the year. The total number of societies affiliated to these banks rose from 7,082 to 8,289, their working capital from Rs 1,51,25,775 to Rs. 1,75,06,244, deposits from non-members being Rs 1,10,21,456 against 97·78 lakhs in the previous year. The total collections from societies were 53·31 lakhs against 48·68 lakhs. The relations of the Central Banks with the village societies were generally satisfactory, but the Registrar's remarks as to the necessity of maintaining an efficient managing staff deserve attention.

(*iii*) **The Calcutta Central Co-operative Anti-malarial Society, Limited.**—This Central Society has now 204 societies affiliated to it as against 116 in the preceding year, but only 33 of these affiliated societies are registered under the Act. It is reported that one of the main reasons why most of these societies do not apply for registration is the liability of registered societies to pay audit fees. In recognition of the beneficent activities of these societies which, unlike other co-operative organisations, aim at benefiting not only their members but also the general public in their respective

localities; the Registrar exempted these societies from payment of audit fees for last year. His Excellency takes this opportunity of placing on record his high appreciation of the spirit which has prompted Rai Bahadur Dr. G. C. Chatterji to undertake the work of guiding this movement at considerable personal sacrifice.

4. **Miscellaneous.—The Bengal Co-operative Organisation Society.**—This organisation continues to do useful work, but its activities are restricted to propaganda and publicity and it does not undertake actual organisation or the supervision and control of primary societies. These functions are now vested in the Central Banks which have generally discharged them satisfactorily so far, but the combination of all these functions in a financing body is obviously not an ideal arrangement, and the feasibility of these duties being ultimately taken over by a body other than and independent of the financing authority will be examined in connection with the proposal for the reorganisation of the Bengal Co-operative Organisation Society which has been engaging the Registrar's attention.

5. **Attitude of the public.**—His Excellency the Governor notices with pleasure that the sympathy of the public with the co-operative movement shows no sign of abatement. It is, however, reported that the general public are still inclined to regard the extension of co-operative institutions as largely a matter for departmental effort. It should be realised that unless voluntary organisations take the initiative in the field of co-operative organisation, the far-reaching possibilities of the movement for the moral and economic uplift of the population of the Presidency cannot be brought within the sphere of accomplishment.

6. The thanks of Government are due to Rai J. M. Mitra Bahadur and Mr. Thorp for their efficient administration of the department during the year. His Excellency has noticed with pleasure the good work done by the Assistant Registrars and particularly by Babu Susil Kumar Ganguli whose services have been specially commended by the Registrar. His Excellency also takes this opportunity of acknowledging the assistance received by the officers of the department from many non-official gentlemen who have freely given of their time and energy in furthering the progress of the movement, and also from those District and Subdivisional Officers who are reported to have given active help to the movement within their respective jurisdictions.

† The following instructions should be followed in calculating the two years' rent :—

(1) In the case of leases for an indefinite period, the amount payable for the first ten years should be calculated and one-fifth of the said amount should give the two years' rent.

(2) In the case of leases for a period exceeding ten years, the total amount payable for the period mentioned in the leases should be calculated and then divided by the number which represents half the said period Thus, if the lease be for twenty years, the two years' rent would be the total rent for twenty years divided by ten.

(3) In the case of leases in perpetuity, the rent payable for the first fifty years should be calculated and then divided by 25 This would give the two years' rent. (*Vide* Inspector-General of Registration's circular No 2, dated the 9th January 1915.)

Mode of Calculation.

Assuming 300 words to the page, such copying fee may be calculated by counting the number of words in the documents or, if no such calculation is made by the party presenting the document, the registering officer shall estimate the number of pages likely to be thus charged for, but the fee shall in every case be payable on presentation, and in case of miscalculation the document shall not be returned until any deficiency in the fee levied is made good.

If the party presenting the document certify to this fact, the registering officer will at once proceed to charge a fee for three pages (1,350 - 600=750), *i.e.*, Rupee 1-8 annas. If the number of words is not known, the registering officer may charge for two extra pages, or Rupee 1 only, and the deficiency of eight annas must be made good before the document is returned.

Note referring to articles O and P.

A Registrar is empowered to remit, in whole or in part, the fees chargeable under articles O and P in any case in which it appears to him that the realization of such fees would be clearly productive of injustice or hardship.

CALCUTTA, THE 23RD MAY 1925.

RESOLUTION—No. 1225 Mis.

WHILE the remission of the provincial contribution to the Central Government for a further period of three years will leave only a small surplus, it is most desirable to undertake without further delay new recurring expenditure in the Transferred Departments. In this connection the Government of Bengal have for some time had under consideration the enhancement of registration fees—a course which was recommended by the Bengal Retrenchment Committee, who were of opinion that an immediate doubling of such fees would be fully justified. In all provinces registration fees are regarded as a legitimate source of revenue, and the Governments of Madras and Bihar and Orissa have recently raised the fees within their provinces. The Government of Bengal have, therefore, decided to raise the fees with effect from the 1st June 1925. As it is not proposed to change the *ad valorem* fee under Article A of the Table of Fees under the Indian Registration Act, 1908 (XVI of 1908), in cases where the value of property does not exceed Rs. 250, the increase in the fee rates will not be felt by the poorer classes.

2. The whole of the additional income thus realised, which is expected to amount to 10 lakhs during the current year and to 12 lakhs in subsequent years, will be made available for expenditure on new recurring schemes in the Transferred Departments and the Bengal Legislative Council will be asked to vote supplementary grants on this account at the next session.

ORDER.—Ordered that the resolution be communicated to the Inspector-General of Registration, Bengal, for information and for communication to District Registrars. Ordered also that the resolution as well as a notification promulgating the increased rates of fees be published in the *Calcutta Gazette* for general information.

By order of the Government of Bengal
(Department of Education),

Secretary to the Government of Bengal (*offg.*).

GOVERNMENT OF INDIA.

DEPARTMENT OF EDUCATION, HEALTH AND LANDS.

Simla, the 22nd April 1925.

RESOLUTION.

The Government of India have read with interest the second Annual Report of the Indian Central Cotton Committee for the year ending the 31st of August 1924. The feature of the year is the progress which has been made in carrying out the Committee's research programme. In the Presidencies of Bombay and Madras, in the Central Provinces and in the United Provinces, the Committee has, by its grants, enabled valuable research work, aimed at combating diseases and pests of cotton and at improving its staple to be undertaken. The scheme for an Institute of Plant Industry at Indore, which the Committee has financed in co-operation with the Central India States, was sanctioned by the Government of India during the year, and a much needed Central Institute for cotton research has thus been provided. Technological research on cotton is being carried on under the Committee's own control, and the Technological Research Institute at Bombay commenced work during the year under report. The Spinning Laboratory was completed towards the close of the year, and was formally opened on the 3rd of December 1924 by His Excellency the Viceroy, who also laid the foundation stone of the permanent Research Laboratory. Under the Committee's scheme for research studentships, nine graduates of Indian Universities have been appointed to studentships and are working under experienced investigators in various parts of India. The object of these studentships is to build up in India a corps of qualified research workers conversant with the technique of scientific investigation as applied to cotton problems and experienced in the methods of experimental research. The Cotton Transport Act, 1923, has been put into force in the Bombay Presidency so far as the principal long staple cotton areas are concerned, and the evidence so far received goes to show that as a result of the first year's working of the Act, the cottons of these areas have greatly improved in quality, and have commanded enhanced prices to the substantial benefit of the grower. The Committee can thus look back with satisfaction upon the progress made during the year and can face the future confident that a sure foundation has been laid for much useful work. The Government of India once more desire to acknowledge the valuable services rendered by the President, Vice-President and members of the Committee and the work of the Secretary, Mr. B. C. Burt.

ORDERED that the resolution be published in the Supplement to the *Gazette of India* for general information.

ORDERED also that a copy of the resolution be forwarded to the Commerce Department, Agricultural Adviser to the Government of India, and Secretary, Indian Central Cotton Committee, for information and communication to the members of the Committee.

J. W. BHORE,
Secretary to the Government of India.

MAINAMATI SURVEY SCHOOL.

(Post-office Mainamati, district Tippera.)

Admission Rules (Provisional).

THE Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, four miles from the Comilla railway station in the Tippera district.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The full course of instruction extends over two years: either the full course may be taken, or the first year's course only. At present the session for the first year's course begins from the 1st August, terminating on the 31st July of the following year.

4. The session for the second year's course extends without a break from the first Monday in November to the middle of September of the following year.

5. It is a residential institution, and the students are required to reside in the school premises and must conform to the rules sanctioned by Government. Students may live with their parents or with approved guardians with the special permission of the Principal. The messing charges for Hindu students average about Rs. 10 per month. Owing to the paucity of Muhammadan students they are allowed to make their own messing arrangements.

6. The qualifications for admission to the first year's course are :—

(*a*) A sound knowledge of elementary arithmetic.
(*b*) Ability to write simple English and vernacular.
(*c*) Fitness for arduous field-work.
(*d*) A certificate of character from the head of the institution where he was last educated.

NOTE.—Preferance will be given to those who have passed the Matriculation Examination or received higher education.

7. The maximum age of the candidates for admission to the first year's course should be under 21 years on the 1st January of the year of admission, but an exception to this rule may be made in special cases.

8. Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs. 3 and should reach the Principal's office on or before the 30th June. The registration and examination fee shall, in no case, be refunded.

9. Candidates who do not possess a fair knowledge of English will not be ordinarily promoted to the second year class.

10. All payments, whether on account of tuition fees, boarding and lodging, must be made at the Principal's office on or before the 15th of each month. After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school roll, and he will not be re-admitted until he has paid all arrears, together with any fines which may be due from him, and a re-admission fee of Rs. 5.

11. The following monthly fees, payable for twelve months, are charged :—

	Rs.	A.	
School fees	3	0	
House-rent	0	8	
Reading room fees	0	2	
Athletic fees	0	8	Charged for eleven months in the year.

12. The full messing fees shall be charged every month during the school session, which is calculated to be about ten and-a-half months yearly.

13. The school remains closed on all gazetted holidays and for a long vacation for six weeks from about the middle of September. During the vacation every boarder shall pay a contribution not exceeding Re. 1 a month towards the cost of maintaining mess servants.

14. Leave for short periods not ordinarily exceeding ten days in a year may be granted to students by the Principal in special cases. Students present at the school but unable to do any work on medical ground are excused from attending the class on the recommendation of the resident medical officer, but frequent leave on petty excuses may render a student medically unfit for the course and his name may be struck off the roll.

15. The admission fees are as follows :—

	Rs.	
Admission to school	2	
Ditto hostel	2	(Hindu students only).
Ditto athletic club	1	

16. Every student shall pay a caution-money deposit of Rs. 5. This sum will be refunded to the student when he finally leaves the school, after deducting any charges for loss or damage done to school or hostel property or non-payment of any dues.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 20th May 1925.

Summary.—During the week moderate rain fell over the greater part of the province. Sowing of aman crops continues in the West Bengal districts. Prolonged wet weather interfered with the weeding of jute and paddy and lowered the prospects of standing crops in some low land tracts of North East Bengal. Dry weather at this stage would benefit their growth. The average price of common rice for the province has risen by about 0·25 per cent. as compared with that of the previous week.

(Post-office Mainamati, district Tippera.)

Admission Rules (Provisional).

THE Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, four miles from the Comilla railway station in the Tippera district.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The full course of instruction extends over two years: either the full course may be taken, or the first year's course only. At present the session for the first year's course begins from the 1st August, terminating on the 31st July of the following year.

4. The session for the second year's course extends without a break from the first Monday in November to the middle of September of the following year.

5. It is a residential institution, and the students are required to reside in the school premises and must conform to the rules sanctioned by Government. Students may live with their parents or with approved guardians with the special permission of the Principal. The messing charges for Hindu students average about Rs. 10 per month. Owing to the paucity of Muhammadan students they are allowed to make their own messing arrangements.

(*a*) A sound knowledge of elementary arithmetic.
(*b*) Ability to write simple English and vernacular.
(*c*) Fitness for arduous field-work.
(*d*) A certificate of character from the head of the institution where he was last educated.

NOTE.—Preferance will be given to those who have passed the Matriculation Examination or received higher education.

7. The maximum age of the candidates for admission to the first year's course should be under 21 years on the 1st January of the year of admission, but an exception to this rule may be made in special cases.

8. Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs. 3 and should reach the Principal's office on or before the 30th June. The registration and examination fee shall, in no case, be refunded.

10. All payments, whether on account of tuition fees, boarding and lodging, must be made at the Principal's office on or before the 15th of each month. After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school roll, and he will not be re-admitted until he has paid all arrears, together with any fines which may be due from him, and a re-admission fee of Rs. 5.

14. Leave for short periods not ordinarily exceeding ten days in a year may be granted to students by the Principal in special cases. Students present at the school but unable to do any work on medical ground are excused from attending the class on the recommendation of the resident medical officer, but frequent leave on petty excuses may render a student medically unfit for the course and his name may be struck off the roll.

15. The admission fees are as follows :—

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 27th May 1925.

Summary.—During the week under review heavy rain fell in the Dacca and Chittagong Divisions causing damage to young jute and paddy plants in certain low land tracts; elsewhere the fall was generally light to moderate. Ploughing for and sowing of winter paddy in seed beds are progressing fairly. Sowings of autumn crops still continue in some West Bengal districts, while weeding is proceeding slowly in the highland tracts of Eastern Bengal. The average price of common rice for the province has risen by about 0·94 per cent. as compared with that of the previous week.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 187T.L., dated Darjeeling, the 30th May, 1925.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information :—

THE BENGAL HIGHWAYS BILL, 1925.

A

BILL

to provide for the better maintenance and control of Government roads in Bengal.

Whereas it is expedient to provide for the regulation and safety of traffic on Government roads in Bengal, for the prevention of obstruction and encroachments, and of nuisances on or near such roads, for the preservation of such roads, and for the temporary closing of such roads for repairs or other works, or for public purposes;

1. (*1*) This Act may be called the Bengal Highways Act, 1925.

(*Clauses 2—4.*)

(*2*) It shall extend to the whole of Bengal.

(*3*) It shall come into force on such date as the Local Government, may, by notification in the *Calcutta Gazette*, direct.

Definition.

2. In this Act, unless there is anything repugnant in the subject or context,—

"Government road" means a road vested in, or under the control and administration of, the Public Works Department of the Local Government, and includes—

(*a*) the slope, berm, borrow-pits and side-drains of any such road;

(*b*) all lands and embankments vested in, or under the control and administration of, the said Public Works Department, and attached to a Government road;

(*c*) all bridges, culverts or causeways built on or across any Government road; and

(*d*) all fences and posts on any Government road or on any land attached to a Government road, and all road-side trees on such land.

Temporary closing of Government road.

3. The Local Government may, by notification in the *Calcutta Gazette* and by public notice, displayed in a conspicuous portion of the road, declare any Government road or part thereof to be closed temporarily for the purpose of repairing such road, or for the purpose of constructing any sewer, drain, culvert or bridge, or for any other public purpose: [Cf. Ben. Mun. Bill Cl. 222 and the proviso to Cl. 457 (*1*).]

Provided that the Local Government shall, before declaring any such road or part thereof to be closed, be bound to provide other reasonably sufficient means of access to holdings adjacent to such road or part, if no such means of access already exist.

4. (*1*) The Local Government may make rules— [Cf. Ben. Act III of 1884, s. 350 (*a*).]

(*i*) for the regulation and safety of traffic on Government roads;

(*ii*) for the prevention of obstruction and encroachments and of nuisances on or near such roads;

(Clause 5.)

5. In making any rule under this Act, the Local Government may direct that a breach thereof shall be punishable with a fine which may extend to fifty rupees, and when the breach is a continuing one, with a further fine not exceeding five rupees for every day after the date of the first conviction during which the offender is proved to have persisted in the offence. [Cf. Ben. Mun. Bill, cl. 488.]

STATEMENT OF OBJECTS AND REASONS.

The Bill is framed to meet the difficulty which now exists of controlling traffic on provincial roads in Bengal.

In the case of District Board roads the Local Self-Government Act provides for safeguarding District Board roads and their appurtenances and for diverting a road in case of necessity such as that mentioned in clause 3 of the proposed Bill.

Officers in charge of provincial roads have hitherto been hampered by want of legal authority in maintaining and carrying out work essential for the upkeep and improvement of roads in their charge and this Bill provides that their actions shall have the support of law.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 3rd June 1925.

Summary.—Excepting heavy showers in parts of North and East Bengal, there was light rainfall accompanied by dry weather in the rest of the province. Dry weather has helped the standing crops on lowlands to recover from the evil effects of wet weather of past weeks. Preparatory tillage for the transplanted winter rice and sowing of paddy in nurseries are progressing briskly. Sowing of autumn crops still continues in some West Bengal districts. The average price of common rice for the province has risen by about 0·65 per cent. as compared with that of the previous week.

1. No petroleum which is dangerous within the meaning of the Indian Petroleum Act, 1899 (VIII of 1899), shall be shipped on board any native passenger ship proceeding or departing from British India, and no other petroleum shall be carried on board such a ship except under the following special conditions, namely :—

A.—Where petroleum is carried as fuel in bulk for use of the ship—

It shall have a flash point of not less than 150° Fahrenheit by Abel's close test and shall be carried in cellular double bottoms under engine and boiler compartments, or under ordinary holds, or in peak tanks, deep tanks or bunkers of approved construction :

Provided that the oil fuel storage tanks and installations in connection therewith fully comply with the conditions described in the Instructions to Surveyors contained in the Board of Trade Circular No. 1647 (Oil Fuel Installation in Passenger Steamships), dated January 1924.

With each supply of oil taken on board a written guarantee must be supplied by the vendor, and signed by a responsible official in his employ, of the actual close test flash point, the type of instrument by which the test was made being in every case specified. These particulars shall be entered in the engine room log.

B.—Where petroleum is carried as cargo—

(*i*) The master, owner or agent shall give notice to the Chief Customs Officer, or such other officer as the Chief Customs Officer may nominate in this behalf, before permitting any petroleum to be shipped.

(*ii*) Each consignment of petroleum shall be covered by a declaration made and signed by the shipper in Form A (hereto annexed), if the petroleum has been imported into British India, and otherwise in Form B.

(*iii*) The petroleum shall be shipped either in tins enclosed in outer wooden cases or in hermetically sealed iron or steel drums: provided that petroleum which has a flash point not below 200° Fahrenheit may also be shipped in sound well coopered wooden casks of not more than 50 gallons capacity.

(*iv*) The nature of every consignment of such petroleum shall be marked on the outside of the package containing it.

(*v*) The petroleum shall be stored separate from all other cargo and as far as possible away from lights or fires, and none shall be stored in any hold adjoining an engine room or boiler, or in any compartment situated above the passenger spaces.

(*vi*) There shall be a water-tight bulkhead between the engine room and any hold in which petroleum is stored, and the sluicevalves of such bulkhead shall be shut down and padlocked.

(*vii*) Save where electric light is used, no petroleum shall be shipped or discharged except between sunrise and sunset; no lights other than electric lights shall be lit in a hold in which petroleum is stored; and no smoking shall be permitted in or near any such hold.

(*viii*) No person shall otherwise than along with, or with the authority of an officer of the ship, be permitted to visit a hold in which petroleum is stored.

(*ix*) No more passengers shall be carried than can with safety be accommodated in the ship's boats in case of accident, unless the vessel is a coasting one proceeding on a short voyage and there are provided life-belts sufficient for such passengers as cannot be accommodated in the boats.

(*x*) At any port in which a ship carrying such petroleum is for the time being, the Chief Custom Officer or such other officer as the Chief Customs Officer may nominate in this behalf, may take and test any consignment of such petroleum or any single case or drum thereof.

(*xi*) If any petroleum tested under clause (*x*) is found to be dangerous petroleum defined as aforesaid, the whole consignment of which the petroleum tested formed a part shall be liable to confiscation.

(*xii*) The officer authorised to grant a certificate in respect of a native passenger ship under section 157 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), shall not grant the same unless the master or owner of such ship produces either a certificate declaring that no petroleum is to be carried, or if petroleum is to be carried a certificate containing the consent of the Chief Customs Officer or such other officer as the Chief Customs Officer may nominate in this behalf.

2. Whoever commits a breach of any of these rules shall be punishable with fine which may extend to two hundred rupees, and, when the breach is a continuing one, with a further fine which may extend to twenty rupees for every day after the first during which the breach continues.
